

Setup Environment

- Visual Studio 2015
- Windows 7 Or Later
- Copy Libs folder to C:\Libs
- I used Visual Studio and so it is 2015 project

Run the program

You can copy OCRproject folder to Documents

```
Microsoft Windows [Version 10.0.14393]
(c) 2016 Microsoft Corporation. All rights reserved.

C:\Users\HP>cd OCRproject

C:\Users\HP\OCRproject>cd Release

C:\Users\HP\OCRproject\Release>Capstone.exe pix.jpg Out.txt

BASH3
BEAST
INSET
WSES
TASTE
TEASE
TESTS
SNWCH
SWNT

C:\Users\HP\OCRproject\Release>
```

Input file <pix.jpg>

Please note:

Please make sure to click on OCRproject.sln

OCRproject.sln must be running while in windows command prompt,

Output <Out.txt>
